Pearson - Anatomy & Physiology

The #1 best-selling textbook for the human anatomy course, Human Anatomy, Seventh Edition is widely regarded as the most readable and visually accessible book on the market.

Essentials of Anatomy & Physiology Plus Mastering A&P with ...

The writing in most anatomy books is quite dry, but this one does a good job of tying anatomy and physiology together in a readable, layperson-friendly format. I especially loved the parts on EKGs and sodium ion pumps. Great diagrams and useful tables helped me study many a night, and I consider this my favorite A&P textbook of all (I've used 3 different texts, and am about to start Physician Introduction to Anatomy and Physiology, Online Student Edition

Introduction to Anatomy and Physiology covers all body systems using a student-friendly writing style that makes complex subjects easier to understand. Chapter information is divided into lessons, providing content in a more manageable format for the student. An abundance of study aids, such as learning objectives, lesson summaries, vocabulary-building exercises, hands-on activities, real
