**Box Culvert Presentation - Precast concrete**  
Multicell box culvert installation to economically provide storage of storm water runoff. STORMWATER DETENTION. Custom designed and manufactured box culverts are available, as with this monolithic triple cell structure. CUSTOM BOX SIZES, BENDS CAN BE DESIGNED. MITERS & SIDE OPENINGS Placed on strip footing and used for short span bridges. They allow for natural stream beds to remain.

#### Box Culverts | Columbia Precast Products

A precast box culvert is easy to install because it arrives at the construction site ready to place. Precast concrete box culverts are an economical choice, offering lower installation and labor cost when comparable metal arches or multi-piece drain systems.

#### Drainage - Box Culverts | Oldecastle Precast

**Drainage - Box Culverts - Box culverts** are rectangular four-sided concrete structures used in managing and storing storm water. They can also be used where natural water sources need to circumvent an obstruction, such as a roadway that is built over a stream. They have a wide variety of applications including in underpasses, service tunnels.

#### Jensen Precast - Box Culverts

Jensen Precast is one of the largest producers of reinforced precast concrete box culvert products in the industry. With 3 styles of box culvert, and manufacturing plants located throughout the Western United States, both contractor and specifier have limitless options to fulfill project requirements.

#### Box Units - ConCast Pipe

Precast box units can be used for a wide range of applications other than drainage. The use of precast box units can significantly reduce the cost of a project by eliminating expensive formwork, and reducing the time required for in-situ construction.

#### Concrete Box Culvert: Anchor Concrete Products

Manufacturing precast concrete box culverts that are strong, durable, cost effective and designed and manufactured to OPSD 1821 and CHBDC standards. Perfect for short span bridges, storm water transmission, service tunnels, underpasses and more!

#### Box & 3-Sided Culverts - NPCA - Precast concrete

Precast concrete box and 3-sided culverts are incredibly versatile. They can be manufactured in a wide range of sizes and configurations and can be used to convey stormwater or wastewater, create short span bridges and access ways, or for rainwater retention or detention, to

name only a few applications.

**05 Box Culverts - [shawprecastsolutions.ca](http://shawprecastsolutions.ca)**

Precast box culverts are high quality, low maintenance concrete structures that have a large number of applications including storm sewers, service tunnels, or small bridges for
